

Playback Video in HTML5

In HTML5, playback video is super easy by `<video width="..." height="..." autoplay>` tag. You can also set its source by `<source src="movie.mp4" type="video/mp4">` tag.

Below code shows how to playback video in HTML5

```
<video width="320" height="240" autoplay>
  <source src="movie.mp4" type="video/mp4">
  <source src="movie.ogv" type="video/ogg">
  Your browser does not support the video tag.
</video>
```
